CHALINA ESTATE

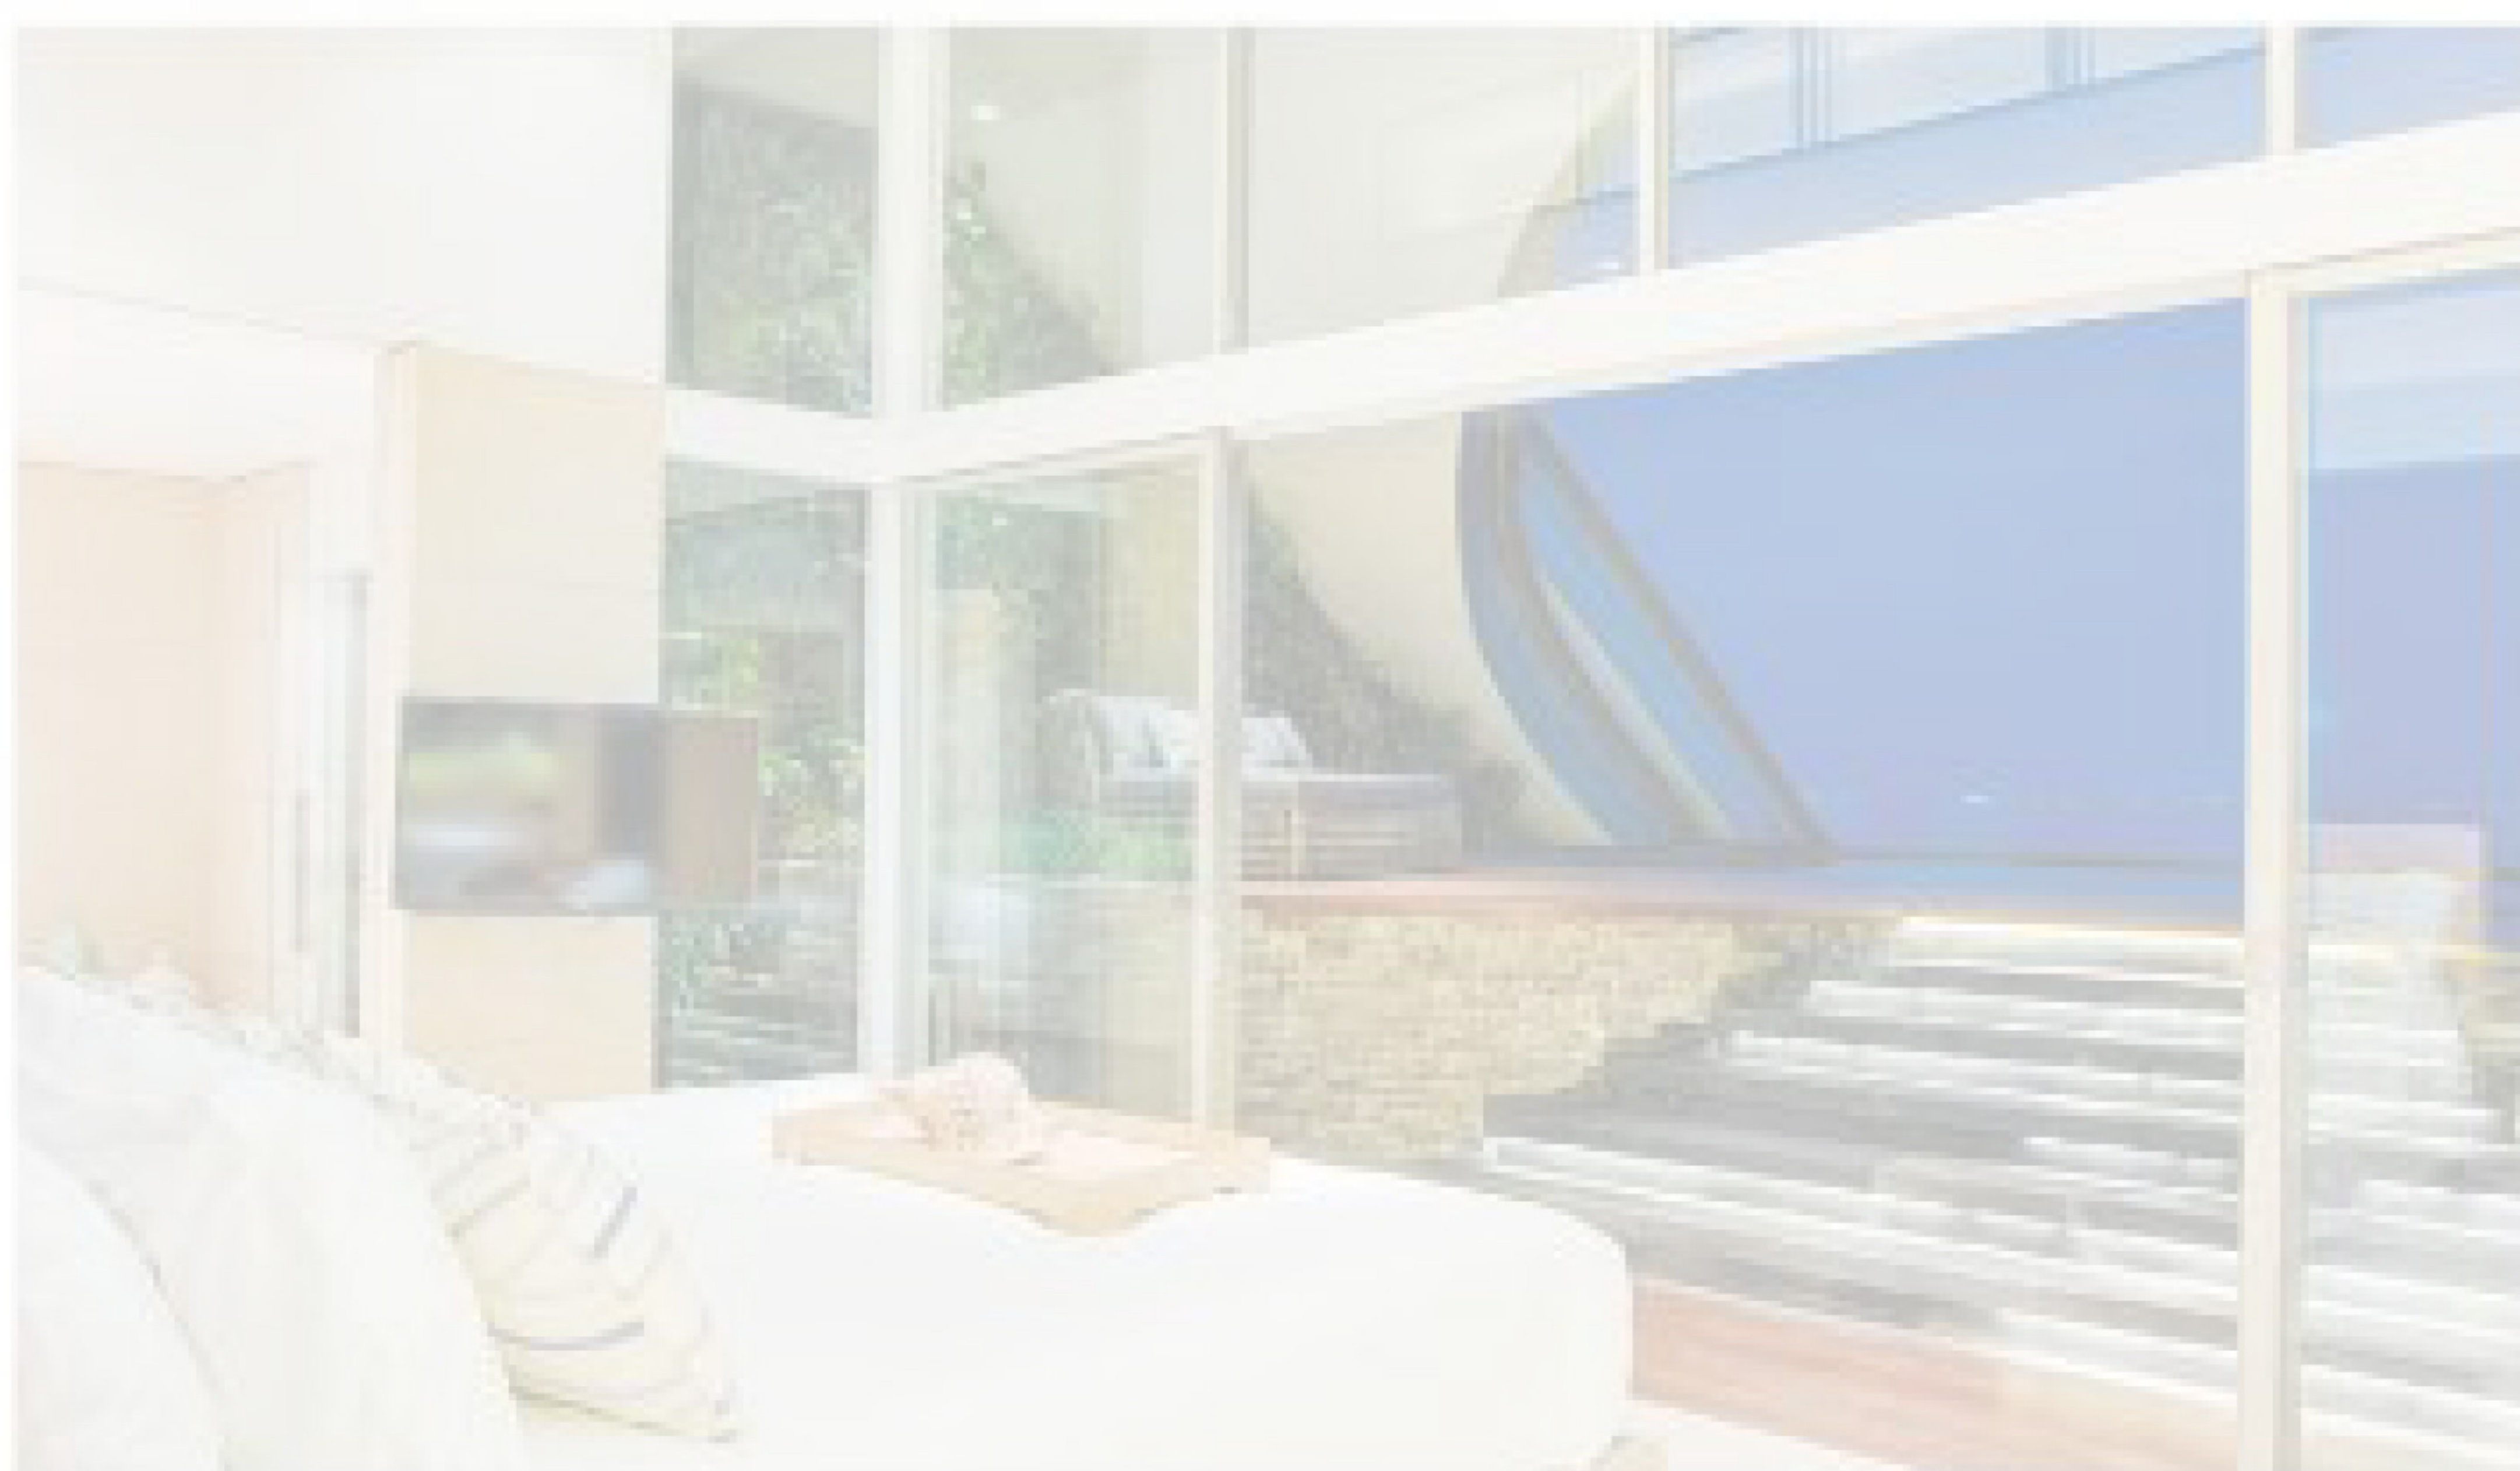

Channelling the energy of its beautiful surroundings, Chalina Estate captures the true essence of Bali with its classic architecture, lush tropical gardens and rice-field views. The villa's serene and peaceful riverside setting makes it the ultimate choice for weddings and special retreats.

Fully staffed with seven large bedrooms, a deluxe 30-metre swimming pool and lavish living areas featuring a unique mix of modern art and exotic artefacts, this exquisite villa exudes space and charm.

Located in the rural district of Canggu, just minutes from some of Bali's most revered surf beaches, Chalina Estate offers incredible sunsets with glimpses of the mystical Batukaru volcano in the distance. www.chalinavillaestate.com

PENTHOUSE ON TOP OF THE WORLD

Sea Sentosa recently opened their display penthouse to guests and media to have a sneak peek around the recently finished top floor and top class apartment. The views over Canggu beach from the two level penthouse are literally breathtaking and the design and finishing is total luxury. While the entire complex is still some way from completion, according to Ian Charles, sales manager at Sea Sentosa, there are only 15 units left for sale from the 68 built. The grand opening of the beach club, which will be operated by Aussie restaurateurs of Sydney's Icebergs fame, is slated to be held in the first quarter of 2015. Contact: ian_c@seasentosa.com

FOUR SEASONS PURE®TDA FACIALS

Four Seasons Resort in Jimbaran is offering a brand new facial treatment - the PURE® TDA Facial system which is a therapy system that transports PURE's concentrated supercharged bio-active ingredients, at supersonic speed and frequency, directly to the dermis (the lower layers of the skin) via a computer-guided applicator. This sounds highly scientific and actually is. The PURE TDA Facial begins with a cleansing programme followed by the PURE CELL dermabrasion, where finely ground sapphire crystals smooth and prepare the skin. This enhances the uptake of one of the highly targeted serums - delivered to the skin via a unique TDA applicator - penetrating deep into the dermis. The therapy concludes with a skin nourishing and hydrating PURE® COVER mask. There are no painful moments of squeezing or pinching like a traditional facial, as the skin is rejuvenated from within. "The potent and high-performance PURE® TDA Facials pair nature's healing ingredients with skilled science to affect outer beauty and inner change, physically renewing the skin and emotionally boosting self-confidence," says Regional Director of Spa, Luisa Anderson of the new therapy. This new treatment is now available at Four Seasons Resort Bali at Jimbaran Bay. More info from www.pure-tda.com and book by calling +62 361 701010.
